Rabbi Sir Jonathan Sacks has authored a series of books and this is the first of five volumes. This volume addresses **GENESIS ~ The Book of Beginnings**. In the book, Rabbi Sacks provides a collection of biblical commentaries as they relate to universal concerns of freedom, love, responsibility, identity, and destiny and the intersection of such as related to past and present, moment and eternity. Chief Rabbi Sacks fuses Jewish tradition, Western philosophy, and literature to present a highly developed understanding of the human condition under God's sovereignty. <https://rabbisacks.org/covenant-conversation-the-complete-series/>
